CAREER OBJECTIVE

As a front-end developer, I want to work for different local or multinational software companies in Bangladesh. I'm eager to learn the latest technology and take on new responsibilities.

EXPERIENCE

Since December 2019, I have been providing WordPress Customization and Unbounce Landing Page Design services on Fiverr [🔗](#) and have completed 25 jobs successfully. In addition, I am a Level One seller. On Upwork, I also completed a WordPress project.

PROJECTS

OGANI [🔗](#)

Ogani A MERN stack Grocery Shop with making orders, Checking order lists, Adding Products, Managing Products, etc. features.
